About Me

A Trisakti student majoring in visual communication design, known as a quiet and tall person. enjoys drawing and listening to music, especially J-Pop. My life goal is to be successful in my career and life.

My Skill

Graphic Design

I'm quite confident in my graphic design skills, especially in creating logos, posters, banners, packaging, and booklets.

Motion Design

I only started studying this field two semesters ago, but I'm quite familiar with the software. I've created several works, including Kinetic Typography, Product Advertisements, and Video Collages..

Web Design

I've only recently learned about web design. The only software I'm somewhat proficient is Elementor. However, learning new things is quite enjoyable, especially as it broadens my skills.
